

CGC1P – Unit 1 Lesson 2

Introduction to Canada's Landform Regions

1. What is a **landform region**? _____

2. How many landform regions does Canada have? _____
3. Draw and colour the landform regions onto the map of Canada. Make each landform region a different colour. Complete the map legend by colouring the boxes next to the name of each landform region.

NOTE: The lines on the map **are** the borders between provinces and territories. They are **not** borders between landform regions.

Map Legend	
	Appalachian Region
	St. Lawrence Lowlands
	Canadian Shield
	Hudson Bay Lowlands
	Arctic Lowlands
	Innuitian Region
	Interior Plains
	Cordilleran Region

3. Add the province and territory names to the map above.
4. Which landform region is your school in? _____
